

Tour description / route characteristics:

total distance 420 km

The tour leads over 11 passes, but - with the exception of the route over Passo di Brocon, Passo di Cereda and Passo Duran - mainly on wider roads, which nevertheless have relatively little traffic. The scenic highlight is definitely Passo Giau.

From Levico Terme on the main line to Borgo. From there (turn left) continue to Strigno and Castello Tesino. From here up the Passo di Brocon to Canal San Bovo and Passo di Gobbera. Then down on the left to Fiera di Primiero.

There turn right over Passo di Cereda. 8 km after the pass summit in Don turn right and after 6,5 km turn left over the Forcella Franche towards Agordo.

At the entrance of the village turn right to Passo Duran. In the valley turn right again to Forno di Zoldo. Again left to Passo Cibiana and further on via Pieve di Cadore until shortly after Auronzo. Then turn right on the SS532 until Padola.

There turn left onto the SS52 via the Kreuzbergsattel to Innichen Turn left there to Dobbiaco and then left again (SS51) until the turn-off to Misurina - turn left here! Via Misurina and the Tre Croce Pass continue to Cortina d'Ampezzo. There direction Passo Falzarego. After a few kilometres turn left up to Passo Giau! At the end of the pass road (in the valley) turn right. Via Colle Santa Lucia the road continues with many bends. At the turn-off again left to Alleghe and Cencenighe Agordino. Here turn right and then continue to Passo Valles. Then turn right to Predazzo. There turn left until Molina di Fiemme. Then keep left over Sover and Lases towards Pergine and back to Levico Terme.
