

**Tour description/route characteristics:** The tour leads almost exclusively through the district of Oberallgäu, mainly on very narrow asphalt roads with little traffic. It is very varied and often offers impressive views of the Allgäuer Alps. Because of the many small roads, a navigation system is certainly very helpful for this tour, but I will try to describe the route in such a way that it is possible to follow it even without a navigation system.

From the Sonthofer train station the first direction is Hindelang. Approx. 400 m before the end of the town the road branches off to the right up to Margarethen. The trail continues - with a view of the Allgäu Alps - via Hofen and Beilenberg to Altstätten. Turn left there and follow the road to Oberstdorf. At the 1st roundabout turn right and after the next roundabout turn left towards Tiefenbach. Follow the road until Obermaiselstein. Turn left there and before the tunnel turn right. Cross a narrow wooden bridge and continue to Sonderdorf and Bolsterlang. There you go straight ahead. Then turn right and immediately left again. Straight ahead over the main road the tour leads to Untermühlegg and on to Tiefenberg. There turn left until Ofterschwang. Here turn right and after 1 km left towards Bettenried/Hüttenberg.
